Key facts
about COST

- A building block of Europe's research world for more than 45 years - intergovernmental organisation - 37 member states
- Supporting networks that span scientific disciplines, countries, sectors and multiple stakeholders
- Largest framework for transnational coordination in science and technology, involving half a million scientists over this period

Key facts about COST

“Clear and long standing
European added value”

- European at heart but with global reach
- Sharing, spreading, disseminating knowledge
- Boosting national research investments
- Providing equal opportunities and removing bottlenecks
- Customer-focused
- Flexible with light administration

Key figures (2015)

300	COST Actions
266	Training Schools
2962	Short term visits
45.000	Researchers involved
120.000 €	Per COST Action

Action participations from Ukraine

- Various fields of science
- Forestry, Physics, Earth Sciences, ICT, Civil engineering, Social Sciences
- Mainly academic participation

Participation in an Action

- Based on ascertained Mutual Benefit
- In the proposal, as secondary proposer
- By contacting the Action Chair (Fast procedure)
- Support from COST: participation to meetings, STSM and training school

Thank you very much for your attention!
